RESEARCH PAPERS

Heterosis for yield and growth in Wickham x Amazonian hybrids of <i>Hevea brasiliensis</i> (Willd. ex A. Juss.) Muell. Arg.	
L. Sankariammal, Kavitha K. Mydin, Vinoth Thomas and Y. Annamma Varghese	187
Natural rubber plantation: A nutritionally self-sustaining ecosystem	
Sherin George and Phebe Joseph	197
Income inequality among beneficiaries under natural rubber block planting scheme in Tripura: A preliminary assessment	
Joby Joseph and Tharian George K.	203
Further evaluation of selected wild <i>Hevea</i> germplasm accessions in India:	
1. Performance in the immature phase	
G. Prabhakara Rao, Jayashree Madhavan and C.P. Reghu	211
Rubber-based multispecies cropping system under rainfed condition of North East India	
Bhaskar Datta, Sushil Kumar Dey and N. Usha Nair	220
Tapping panel management in rubber (<i>Hevea brasiliensis</i>) in North East India	
Sushil Kumar Dey and K. U. Thomas	228
Tapping panel dryness of rubber: Prevalence, incidence and severity in Tripura	
Nripen Kumar Gogoi, Debasis Mandal, Bhaskar Datta, Arunabha Majumdar, Sushil Kumar Dey and Jacob Mathew	240
Analysis of drought responsive gene expression in <i>Hevea brasiliensis</i>	
Molly Thomas, M.B. Mohammed Sathik, Lisha P. Luke, Linu Kuruvilla, K.V. Sumesh, P.R. Satheesh, K. Annamalainathan, R. Krishnakumar and James Jacob	247
